

I signed up for the DO-NOT call list so I would not be disturbed!!  
I want this list to include all that it can, banks included, what makes  
them(banks)think thay should be any differant than everyone els.on the list. It  
is my phone in my house I pay for the bill and I should have a say in who calls  
and who should not. I say I DO NOT want banks to call me, if I want there  
services I will cal them!!
